

## Georgia CI Energy Storage Project

---

### Georgia CI Energy Storage Project

Located near Macon, this 200-megawatt (MW) grid-scale battery energy storage system (BESS) is a cornerstone of the company's strategy to enhance grid reliability and meet the state's evolving energy demands. Construction now underway on 765 MW of new battery energy storage ATLANTA, May 7, /PRNewswire/ -- Georgia Power announced today that construction is underway on 765-megawatts (MW) of new battery energy storage systems (BESS) Georgia battery storage: Impressive 200 MW Project StartsOct 31, Georgia Power has started construction on a new standalone battery storage system, a 200 MW project in Twiggs County, Georgia. This project marks a significant Peach State power play: Georgia's blueprint Jul 30, Georgia Power senior VP and senior production officer, Rick Anderson, cuts the ribbon on the utility's first 65MW BESS project in Energy Storage | Georgia Center of InnovationNov 16, Creating new ways to produce energy in a sustainable fashion has created an abundance of business opportunities in the important area of energy storage. In fact, the future ADB Approves \$104M to Support Georgia's First Energy Storage May 2, The Asian Development Bank (ADB) is partnering with Georgia to establish the country's first energy storage facility and explore green hydrogen development under the Energy Storage and Green Hydrogen Development ProjectONGOING projects Energy Storage and Green Hydrogen Development Project The project aims to improve energy security, reduce Georgia's reliance on grid stability support from ADB Approves \$104M for Georgia's Energy Storage and Apr 23, Under ADB's Energy Storage and Green Hydrogen Development Project, the bank will help Georgia create its first-ever energy storage facility and explore green hydrogen Battery Energy Storage Construction in GeorgiaNews Summary Georgia Power is set to revolutionize energy storage with the construction of Battery Energy Storage Systems (BESS) across four counties in Georgia, totaling 765 MW of Georgia Power Begins Construction on 765 MW of Battery Storage May 10, Hammond Groundbreaking - Georgia Power hosts company and project leaders, as well as state and local elected officials, for a groundbreaking ceremony at the Hammond Georgia Power Constructs Battery Energy Storage SystemOct 21, Georgia Power has initiated the construction of a 200MW Battery Energy Storage System (BESS) near Macon in Twiggs County. The project aims for completion in and Construction now underway on 765 MW of new battery energy storage ATLANTA, May 7, /PRNewswire/ -- Georgia Power announced today that construction is underway on 765-megawatts (MW) of new battery energy storage systems (BESS) Peach State power play: Georgia's blueprint for grid-scale energy storageJul 30, Georgia Power senior VP and senior production officer, Rick Anderson, cuts the ribbon on the utility's first 65MW BESS project in alongside Kim Greene, president and Georgia Power Constructs Battery Energy Storage SystemOct 21, Georgia Power has initiated the construction of a 200MW Battery Energy Storage System (BESS) near Macon in Twiggs County. The project aims for completion in and Here's where Georgia is installing 500 MW of Sep 6, Georgia Power has applied for certification

of four battery energy storage sites totaling 500 MW expected to come online in . Copenhagen Infrastructure Partners acquires 1GWh Strata Clean Energy Sep 26, Copenhagen Infrastructure Partners (CIP), through its flagship fund CI V, has agreed a deal to acquire Strata Clean Energy 's 255MW / 1,020 MWh Scatter Wash Georgia Power gets approval for 765MW Jul 26, RWE's Hickory Park solar project in Georgia, which includes 40MW/80MWh of co-located battery storage. Image: RWE. The US state Georgia Power Opens 500MW Energy Sep 23, Georgia Power initiates RFP for 500MW energy storage systems with 2-hour discharge capability. Approved by PSC, project Georgia Bets Big On Battery Storage - ESG May 14, An additional MW of new battery energy storage is expected to be procured in the coming years through competitive bidding Southwest Atlanta Energy Storage ProjectLearn more about the Southwest Atlanta Energy Storage, an innovative solar project and capital investment proposed for Fulton County, Georgia. Thermal Energy Storage Projects 6 days ago High Energy Density Hydrogel Thermo-Adsorptive Storage Lead Performer: Massachusetts Institute of Technology - Cambridge, MA; Partners: Heat Transfer Zhejiang C&I Energy Storage ,1.7MW Backup PowerWith a capacity of 1.725MW and energy storage of 3.727MWh, it effectively supports load shifting and peak shaving strategies. These features help the enterprise reduce peak demand charges Southwest Atlanta Energy Storage | ProjectLearn how the Southwest Atlanta Energy Storage will create jobs, economic growth, and clean energy in Fulton County, Georgia. Georgia Power starts first battery storage Nov 11, The project utilizes Wartsila's energy management system, GEMS Digital Energy Platform, to manage the facility and provide secure Georgia Power Teams Up with Tesla for Massive Battery Storage ProjectSep 5, Georgia Power has struck a deal with Tesla to build a large-scale battery energy storage system (BESS) portfolio, aiming to enhance grid reliability and address resource Georgia Power tenders 500 MW of energy Sep 26, Georgia Power is tendering for 500 MW of energy storage project capacity with the aim of bringing the sites online before . The Battery Energy Storage Construction in Twiggs CountyNews Summary Twiggs County, Georgia, is witnessing a significant development with the commencement of construction on a 200-megawatt battery energy storage system. This Georgia Power Announces New Battery May 12, Georgia Power announced today that construction is underway on 765 megawatts (MW) of new battery energy storage NextEra Energy Resources | West Atlanta Learn how the West Atlanta Energy Storage project will create jobs, economic growth, and clean energy in Douglas County, Georgia. Georgia Power Issues 500 MW Tender for Battery Energy Storage Sep 28, Georgia Power launches a 500 MW tender for battery energy storage systems, driving major growth in renewables integration and grid reliability. Here's Where Georgia Is Installing 500 MW of New Battery Energy StorageAug 29, Georgia Power's Mossy Branch battery energy storage system in Talbot County, Georgia (courtesy: Georgia Power) In a continued effort to limit its use of fossil fuels to mitigate ADB Approves \$104 Million Loan to Boost Georgia's Energy Apr 19, The Asian Development Bank (ADB) has approved a \$104 million loan to help enhance Georgia's energy security. Under ADB's Energy Storage and Green Hydrogen Georgia Power's first 65MW
